

Harness Racing Australia - Gear Approvals Apr-Jun 2014

25 July 2014

INDUSTRY NOTICE

BOLT SULKY:

Harness Racing Australia (HRA) has approved the use of the Bolt Sulky in racing and trial events, effective from 1 July 2014.

As part of the HRA approval process the sulky has been tested for strength, durability and performance. This testing is performed by Human Impact Engineering. This sulky has also been used in trials and limited racing conditions under the supervision of stewards.

This sulky conforms to all the requirements of the HRA Sulky Approval Policy and meets the HRA Standards.

For further details about this sulky contact:

Bolt Sulky Innovations Pty Ltd.

P.O. Box 485, Berowra Heights, NSW 2082

Phone: **0416 380 256**

PO Box 485

BEROWRA HEIGHTS NSW 2082

Phone **0416 380 256**

HRA takes the process of testing of new products very seriously as it impacts on the health and safety of all participants as well as the welfare of the racing horses.

HRA will continue to work with all manufacturers and distributors of gear and equipment to ensure that all new products meet the standards as set out by the industry.
